Listen as your child astonishes you with his newfound ability to create musical compositions. For your budding musician, *Kindermusik for the Young Child* provides a pressure-free developmentally appropriate transition where he can musically succeed before taking on more formal instruction. Using a small-group approach to music education, Kindermusik provides the opportunity to explore voice development, rhythm, notation, musical symbols and authentic, pre-keyboard, string, and woodwind instruments. Over the sequential two-year program your child will study the glockenspiel, dulcimer, and recorder and will receive his/her own instruments to take home.
